## History Since, 2010

उठो जागो और तब तक मत रुको..

जब तक लक्ष्य की प्राप्ति न हो जाए ..!

## THE BEGINING

In very minimum words, since 2010 after long year's hard work our players reached from hot tin-shed to Olympics. We gained a lot of experience in the field of target shooting sport. Even if being in distress we produced lot of international players (including 2-Olympians), Asian games gold medalist & Arjun-Awardee shooter like Saurabh Chaudhary (World Record holder) getting below than basic facilities. Our results proved successful to our unique indigenous techniques of target shooting fusion with yoga and meditation & much more. Now this is the ripe time as well our moral duty to provide our expertise to the society at wider level. To provide the benefit at wider scale to the society "Aryangateways Sports foundation" is formed as non-profit in 2020.

- Facilities to Rural-Players is must.

### Kabaddi:

### Martial Art:

- Its nothing but the corollary of ancient Indian-fighting skill 'Kalaripayattu'.
- Its a game of Guru-Sishya Parampara.
- Players need appropriate isolated place to practice where they can introduce with the inner power of themselves.

### Meditation:

- Transforms a 'Player' into 'Champion'.

- MEDITATION IS A SECRET OF PLAYERS.

**Why? is it that a country of population more than a 130-Crore not even able to make position in top ten Olympic nations. The answer can be found in the fundamentals: unavailability of facilities to the potential talent at grassroots level. Other nations start working on talent from kid-stage and prepare them champions. We start preparing them after being successful when no need is left for any financial support.**

Since 2020, we are *re-inventing* our process & *strengthening* our 'MODEL'

### Be Physical Strong !

Now a days in 2022 youth is very much inclined towards mobile games and computers hence physical activities got NIL.

Physical exercises and facing the various weathers like summer, winter & rain is must to be internally real strong.

Flow of blood in the veins keeps them clean, accumulation of extra fat got burned, Sweat helps to get all the poison and extra material out of the body.

Efficiency of 'Brain' gets its highest level and the boys/girls looks fit, eye catching smart in their ideal size dresses with a glowing & confident face.

### Be Mentally Strong !

Physical hard work with fixed time schedule builds the 'Will Power'.

**Will Power** provides the real dedication towards the goal and gives such an inspiration that a player can push the normal human body limits to achieve his/her goal.

**Sportsmanship** build the positive attitude and all the negativity gets evaporated.

**Defeat** in sports makes a player mature, cool and calm. In this way player learn's to digest the defeat and opens the winning gates

### Be Spiritual !

'Spirituality' is not religion. It is a science where a human being can introduce with its existence.

**Sportsperson** used to be a person

A player is such a person who unconsciously, on the strength of his true faith, spiritually achieves many levels.

Player gets such powers which can not be explained. How? But results are Miraculous.

**Like ! Ball** used to stick with hokey-Stick of 'Major Dhyan Chand' a legend of hokey.

BHARAT GURUKUL

## Bharat Gurukul with Best Academics !

Foundation realized that there should be a balance between the 'Sports' & 'Academics' which used to be disturbed.

The 'Education system' of a nation determines its destiny & destination.

### KEY GOALS:

- Self-control & Mind Control.
- Building character
- Finding best talent inside.
- Knowledge & cultural preservation
- Personality development.
- Spiritual growth.
- Preservation of Cultural & Tradition learned.

**'Gurukul' itself is a way of life providing a value-based system instead of today's rank-based system full of comparison and enmity.**

'Gurukuls' were not just a school to master the particular subjects. Gurukul system is ancient method of learning both theoretically & practically to the subject which is near to individual's natural talent.

Conclusion is that the ancient 'Gurukul' educational system was not only a 'degree attaining program' but it was a way of life to be a complete human being to serve the society with his talent and knowledge.
